ZLFTHL2250DNJ1 RAFT 10/10 V1

In a small office, it's important everyone has access to fast, high quality printing; which is just what you'll get with the HL-2250DN with up to 26 pages per minute print speed.

Being network-ready makes it easy to share. And if you're on a tight budget, the double-sided printing feature is just what you need – as it could cut your paper costs by up to 50%. Plus with separate drum and toner (so you only replace whichever's run out) and optional high yield toners, you'll save in other ways too.

Cleverly designed consumables

As the printer is designed with a separate toner and drum, you'll cut your costs, as you only ever need to replace the one that's run out. And don't forget. To keep getting the best out of your printer, make sure you always use genuine Brother consumables.

Sharing made easy.
And more
affordable too.

HL-2250DN

MONO LASER
PRINTER

DOUBLE-SIDED
PRINTING
& NETWORK READY

Share the savings across your business.

Fast, hard-working and reliable

You need a network-ready desktop printer for a small or home office that works hard and won't slow you down – or let you down. This mono laser printer has it all, with fast, reliable printing and features you'd only usually find on a more expensive machine.

Save time

with fast 26ppm mono print speed

Less refilling

with up to 250 sheet paper tray capacity

Extra flexibility

with network connectivity making sharing easy

Save money

with longer lasting high yield toner to reduce costs further

Save paper

up to 50% with automatic double-sided printing

HL-2250DN

Green and clean

Low power consumption, minimal noise, non-hazardous materials and recycling friendly design meets the renowned Energy Star and Blue Angel environmental standards. Brother has also been awarded 100 out of 100 by the Ethical Company Organisation for the fourth year in a row – the only printer manufacturer to achieve this.

And our commitment to the environment now includes sponsoring 4 square kilometres of Amazon rainforest in partnership with Cool Earth, which protects endangered areas to help combat global warming.

You're covered

When you buy a new piece of equipment, the last thing you expect is for it to let you down. In fact, if something goes wrong with one of our products, we're as surprised as you are, as every Brother machine has been through rigorous testing. So, in the unlikely event that you do have a problem with your machine, you'll be pleased to hear that every Brother printer comes with a full 12 month warranty plus 24 hour online support. Which means if your machine does let you down, our dedicated aftercare team won't, even after your warranty period has expired.
